**Wed Sept 25  
7:30 pm  
Giffels Auditorium  
University of Arkansas**

"The World's Perception of US Foreign Policy: Assassin Drones and Threats of Military Attacks"

Col. Ann Wright is a former diplomatic corps member who retired from

service when the United States began to call illegal, preemptive wars. Since then she has traveled the world speaking out for nonviolent solutions to conflict, and supporting human rights. She has worked often with the peace group Code Pink, and its founder Media Benjamin.

Ann was raised in Bentonville and has many contacts here. This is the first time she's been back for several years, however. Don't miss this chance to hear a strong and engaging advocate for a world at peace.
