CITIZENS FIRST CONGRESS Northwest Arkansas Meeting

US Pizza
202 W. Dickson St., Fayetteville
6pm-9pm

Join leaders and interested citizens from around Northwest Arkansas interested in achieving social, environmental, and economic justice to discuss, strategize, and determine short and long-term priorities for 2014 and the 2015 legislative session.

For more info and to RSVP email: annaw@arpanel.org

WHY 350?

Our Newsletter, 350PPM (parts per million concentration of carbon dioxide in the Earth's atmosphere) seeks to educate the public about the impending crisis of global warming and climate change. We must reduce greenhouse gas emissions and return the levels of CO₂ in the atmosphere to no more than 350 parts per million. It is only at these levels or below

that the climate and environmental systems of the earth as we know them can be maintained. As a point of reference it was 1988 when the earth's atmosphere contained 350 PPM of CO₂.
