WE’RE SEEKING 100 PATRIOTS

We have got to reclaim our government now. Ours is a government of the people, by the people, for the people, and this administration has set precedent that leaves our government vulnerable to the whims of whoever follows them into office. We are asking each of you to make three phone calls: one to Representative Boozman, and one each to Senators Pryor and Lincoln to tell them that you, as their constituent, expect them to do their jobs.

Impeachment is a process, authorized by the Constitution, to bring charges against certain officials of the federal government for misconduct while in office. In essence, impeachment reflects a check by the legislative branch on the executive and judicial branches. It provides a way for the legislative branch to deal with serious misconduct by judges and by both elected and non-elected members of the executive branch.

The time is long overdue for the House of Representatives to bring charges against, and for the Senate to try, the sitting President and Vice-President of the United States. This action is not about removing a particular person or persons. This action is to open an investigation of elected and non-elected members of the executive branch who lied to justify an illegal war, who have stripped away citizens’ civil rights, who have held prisoners without due process and who have transported prisoners to countries where they would be tortured. You will find contact information for your representative and senators at the bottom of the newsletter. If you have not watched Bill Moyers’ Journal about why it is imperative to call for impeachment now, you will find it by going to: http://www.pbs.org/moyers/journal/07132007/profile.html

We’d like to hear from you after you’ve made your calls. You can contact us at 479-973-9049 or by emailing omni_center@yahoo.com

SPECIAL UPCOMING EVENTS

--August 24, Friday, 6:30p.m.-9:30p.m., Summer Member Forum, United Campus Ministries, 902 W. Maple - This is a quarterly meeting where Omni members come to hang out and get to know each other. We held the first one earlier this year. It was a great picnic in April - during that late freeze. Had a beautiful bonfire, great potluck and veggie dogs!

The goal is to find out what’s going on, and getting to know our community. The format will be kind of like the Annual Membership Meeting that happens in January. There’ll be a potluck meal, entertainment, and breakout sessions about interesting things. We’re trying to get to know each other . . . what our community passions are. Several Omni members and friends have attended some pretty interesting conferences and meetings, and others are involved in new
and exciting projects. Folks will share what they've learned in the breakout sessions. Look at some of the interesting events and issues that Omni members are talking about:

- Amherst Student Activism Conference - Stephen Coger
- A Touch of Love -- Joe Bender
- Darfur Update - Sam Totten
- Mushrooms and the Environment - (micoremediation etc) -- Matt Petty
- Santa Fe Culture of Peace Conference - Gladys & Richard Tiffany
- Spiritual Activism Conference -- Josh Newman
- United for Peace & Justice Report - CJ Atkins/Greg Moore

VALLEY OF TEARS

Hart Perry, has documented the lives of Mexican-American migrant farm workers in Raymondville, TX since 1979 when the onion workers’ strike broke out. What followed was a fight not only for higher pay but also for equal rights and representation. For 24 years, the county’s Mexican-American residents were determined to fight for what is right. songs are part of the soundtrack of this film. 99 min.

peace resides in our faith communities. In these roundtables and symposia, we meet in the spirit

-- September 14-15, BUILDING A CULTURE OF PEACE: 2nd Regional Peace Conference, Ferncliff Center near Little Rock --

Called “Building a Culture of Peace - II,” a conference for groups and individuals who work for peace, the sessions start late Friday afternoon, September 14 and run through Saturday afternoon, September 15. Comfortable overnight accommodations for at least thirty persons are available, and the fees include three meals - Friday supper, Saturday breakfast and lunch. Please complete and return the attached registration sheet at the end of this notice on or before August 31. Call or contact John Coffin for more information or if you have questions: 501 663 1439 (H); 501 952 8181 (C); or mailto: jfcoffin@uams.edu

The theme builds on the wonderful experience we had last year at Fort Smith, and the sharing and learning that happened there. We were encouraged and heartened by hearing the example of others, by being among others who share our passion for justice and peace. Building this environment of peace is a long-term, day-to-day commitment where everyone’s efforts count. So please, consider yourself - and your friends - especially invited. A good turnout puts a smile on everyone’s face, and a good program contributes to a successful conference, and that we will have. We will share stories and do small group work on issues common too us all. We will hear from several great speakers on the financial costs of our wars including the AFSC’s Eyes Wide Open project in its current “Arkansas” format and the inside account of a recent national Quaker conference on Torture. As always, everyone’s input is the key to a meaningful week-end! Bring your ideas (plus CD’s or videos for late night viewing) and projects to share. There will be display table spaces. Plus, we’ll have fun with drama, dancers, drummers and music! The fees this year are, regrettably, but unavoidably, a little higher than last year. If you need assistance with the difference, please contact your own group or organization, or get in touch with Gladys Tiffany 479-973-9049. Come to “Building a Culture of Peace - II,” this September 14 and 15! On behalf of Arkansas Coalition for Peace & Justice (ACPJ) and Women’s Action for New Directions (WAND), John Coffin, Antje Harris.

2008 $500 ANNUAL OMNI CRITICAL THINKING AWARDS

For Teachers in Washington and Benton Counties, Arkansas

What is Critical Thinking?
Critical Thinking is the use of knowledge, facts, science, evidence, logic to evaluate and understand ideas and information, to detect falsehood, and to form conclusions, judgments, and inferences.

Why do we need it?
- Today, more than ever before, we are bombarded with commercial and political propaganda. Clear Thinking enables us to decide if what we read and hear is true, factual, biased, or manipulative.
- Clear Thinking also enables us to recognize our own fallacious thinking, biases, and assumptions.
Reasoning together through knowledge and language is an alternative to violence. The practice of Critical Thinking helps, by creating active, informed citizens, invigorates democracy. "Critical thinking skills" imply an ability to analyze ideas, stories, claims, and assertions both through relevant, factual knowledge and by training in analysis and by being able to think for oneself. Independent mindedness and autonomy have long been considered essential to a democracy since President Jefferson.

These awards are sponsored by OMNI Center for Peace, Justice, and Ecology.

We at OMNI are devoted to the advancement of reasoned contemplation and conversation about issues that affect our community and world. We seek to extend the influence of reason and informed debate.

INVITATIONS TO TEACHERS, THE OMNI CRITICAL THINKING AWARDS

Washington and Benton counties public school teachers from all disciplines are invited to fill out an application and submit materials about their teaching of Critical Thinking. The awards recognize both specific teaching units or projects and teachers who incorporate clear thinking into their everyday classes.

County committees of local citizens chosen from various walks of life will evaluate the applications. When the committee has made its decision, OMNI will offer one $500 award to the Washington County teacher and one $500 award to the Benton County teacher who has been selected as the most outstanding. (More information is available on OMNI's website (www.omnicenter.org). Also contact the coordinators: Lynda Haley-Brothers, Washington County (teacherhuman@cox.net) and Carole Westby, Benton County (westbyforhouse98@cox.net).

RECRUITING OPT - OUT FORMS

Parents and Teens - Back to School Information That You Need

Hi Omni folk. Do you have a teenager in high school this fall? Do you know someone else who does? If so, be sure they know about the dark side of "No Child Left Behind." Remind your friends that, as part of NCLB Act, the contact information of all 18 year olds is packed up and sent to the Pentagon for military recruiting, UNLESS the teen or his/her parent or guardian sends in a form that opts them out of the system -- an "Opt Out Form". Prior to this provision, many of the nation's high schools refused recruiters' requests for students' names or access to campus because they believed it was inappropriate.

Now all high schools that rely on federal funding must aid the Pentagon in targeting minors to coerce them into entering the military. However, if parents or student fill out a written request form, the students name can be removed from the list provided to the Pentagon.

This form is supposed to be available in every high school, but it sometimes "gets lost." You can find the forms in English and Spanish on Omni's website at: www.omnicenter.org

There are other sites where you can find versions of the forms, and lots more information about recruiting practices. They include:

- American Friends Service Committee: www.afsc.org/youthmil

NONVIOLENCE CIVIL DISOBEDIENCE TRAINERS - ARE YOU OUT THERE?
Are there Omni members or friends out there who have training in nonviolent civil disobedience techniques? We need you. We've had a request for a volunteer to offer training at the next Regional Peace Conference that will happen September 14-15, 2007 at Ferncliff Center near Little Rock. We'd love to talk to you about it. Please email Gladys at gladystiffany@yahoo.com.

DRIVE OUT THE BUSH REGIME!

Declare It Now: The urgent color of orange - that has been assigned to those detained & tortured with no due process - must become the color of a gathering sentiment to end all this. A groundswell of orange, assisted and amplified by the voices of prominent people and musicians wearing and promoting orange on TV, radio, and on stage at concerts can break people out of this conundrum where millions are just furious but still paralyzed by the inaction of the loyal opposition Party and by the anaesthetizing effects of the presidential elections.
