In The Last 24 Hours:
In the last 24 hours over 200,000 acres of rainforest were destroyed. Thirteen million tons of toxic chemicals were released. Forty-five thousand people died of starvation, thirty-eight thousand of them children. More than one hundred plant or animal species went extinct because of civilized humans. All of this in one day! How then should we live? What then should we do? What then will we do?

From Tom Markham

WE'RE SEEKING 100 PATRIOTS

We have got to reclaim our government now. Ours is a government of the people, by the people, for the people, and this administration has set precedent that leaves our government vulnerable to the whims of whoever follows them into office. We are asking each of you to make three phone calls: one to Representative Boozman, and one each to Senators Pryor and Lincoln to tell them that you, as their constituent, expect them to do their jobs.

Impeachment is a process, authorized by the Constitution, to bring charges against certain officials of the federal government for misconduct while in office. In essence, impeachment reflects a check by the legislative branch on the executive and judicial branches. It provides a way for the legislative branch to deal with serious misconduct by judges and by both elected and non-elected members of the executive branch.

The time is long overdue for the House of Representatives to bring charges against, and for the Senate to try, the sitting President and Vice-President of the United States. This action is not about removing a particular person or persons. This action is to open an investigation of elected and non-elected members of the executive branch who lied to justify an illegal war, who have stripped away citizens’ civil rights, who have held prisoners without due process and who have transported prisoners to countries where they would be tortured. You will find contact information for your representative and senators at the bottom of the newsletter. If you have not watched Bill Moyers’ Journal about why it is imperative to call for impeachment now, you will find it by going to: [http://www.pbs.org/moyers/journal/07132007/profile.html](http://www.pbs.org/moyers/journal/07132007/profile.html)

We’d like to hear from you after you’ve made your calls. You can contact us at 479-973-9049 or by emailing omni_center@yahoo.com

**ADVERTISE YOUR EVENTS ON THE OMNI WEBSITE**

The OMNI website is an untapped resource for Omni volunteers. We'd really like to advertise what you're doing. The more OMNI is known in the community, the more visits we get from members of the press gathering information about projects and upcoming events, and we want yours to be there.

Omni has an interactive calendar where you can self-post your information. Click on the calendar link, and it walks you through the simple posting process. Please use it whenever you have an event or project that you think will be of interest to Omni members.

If you are working on an Omni-Sponsored event, we'd like to put a front-page link to your poster or flyer, and more detailed information.

To post Omni-sponsored events, email your flyers, posters and press releases to Melanie (melaniedietzel@cox.net), Gladys (gladystiffany@yahoo.com), or Dick (jbennet@uark.edu), and we'll help you get it posted.

Once your event is over, please notify us to remove it from the webpage. The webmaster only removes items when we tell him that they need to come off. We hope that you'll take advantage of this resource.

**NWA SUSTAINABILITY CENTER AND FAYETTEVILLE SCHOOL DISTRICT ANNOUNCE A PILOT PROJECT TO CREATE LEADERS IN SUSTAINABLE DEVELOPMENT AND REFORM**

Schools are creating Student-led Sustainability Advocacy Teams that will learn how to evaluate their school using sustainability indicators that measure economic, environmental, and social success. A district-wide steering committee with student representation is being formed to create a cohesive strategy for turning our schools into a case study for the implementation of sustainable principles. After the pilot, the project details will be compiled into a guide so that other districts can follow suit. Grants are coming, but NWASC needs community support to really get things going until then. Please put $50 towards a student-led school environmental and social impact report. For more information or to contribute, Contact: Matthew Petty - President, matthew.petty@nwasc.org, 479 595 3060

**IRAN WATCH: PREVENT ANOTHER US INVASION**

2008 $500 ANNUAL OMNI CRITICAL THINKING AWARDS
For Teachers in Washington and Benton Counties, Arkansas

What is Critical Thinking?
Critical Thinking is the use of knowledge, facts, science, evidence, logic to evaluate and understand ideas and information, to detect falsehood, and to form conclusions, judgments, and inferences.

Why do we need it?
• Today, more than ever before, we are bombarded with commercial and political propaganda. Clear Thinking enables us to decide if what we read and hear is true, factual, biased, or manipulative.
• Clear Thinking also enables us to recognize our own fallacious thinking, biases, and assumptions.
• Reasoning together through knowledge and language is an alternative to violence. The practice of Critical Thinking helps, by creating active, informed citizens, invigorates democracy. “Critical thinking skills” imply an ability to analyze ideas, stories, claims, and assertions both through relevant, factual knowledge and by training in analysis and by being able to think for oneself. Independent mindedness and autonomy have long been considered essential to a democracy since President Jefferson.

These awards are sponsored by OMNI Center for Peace, Justice, and Ecology.

We at OMNI are devoted to the advancement of reasoned contemplation and conversation about issues that affect our community and world. We seek to extend the influence of reason and informed debate. The deadline for nominations is May 1, 2008.

INVITATIONS TO TEACHERS, THE OMNI CRITICAL THINKING AWARDS
Washington and Benton counties public school teachers from all disciplines are invited to fill out an application and submit materials about their teaching of Critical Thinking. The awards recognize both specific teaching units or projects and teachers who incorporate clear thinking into their everyday classes.

County committees of local citizens chosen from various walks of life will evaluate the applications. When the committee has made its decision, OMNI will offer one $500 award to the Washington County teacher and one $500 award to the Benton Country teacher who has been selected as the most outstanding. (More information is available on OMNI’s website (www.omnicenter.org ). Also contact the coordinators: Lynda Haley-Brothers, Washington County (teacherhuman@cox.net ) and Carole Westby, Benton County
RECRUITING OPT - OUT FORMS

Parents and Teens – Back to School Information That You Need

Hi Omni folk. Do you have a teenager in high school this fall? Do you know someone else who does? If so, be sure they know about the dark side of “No Child Left Behind.” Remind your friends that, as part of NCLB Act, the contact information of all 18 year olds is packed up and sent to the Pentagon for military recruiting, UNLESS the teen or his/her parent or guardian sends in a form that opts them out of the system -- an “Opt Out Form”. Prior to this provision, many of the nation’s high schools refused recruiters’ requests for students' names or access to campus because they believed it was inappropriate.

Now all high schools that rely on federal funding must aid the Pentagon in targeting minors to coerce them into entering the military. However, if parents or student fill out a written request form, the students name can be removed from the list provided to the Pentagon.

This form is supposed to be available in every high school, but it sometimes "gets lost." You can find the forms in English and Spanish on Omni’s website at: www.omnicenter.org

There are other sites where you can find versions of the forms, and lots more information about recruiting practices. They include:

NATIONALLY AND INTERNATIONALLY
U.S. WAR RESISTERS IN CANADA NEED OUR HELP

By Gerry Condon
Courage To Resist

Thousands of young men and women are AWOL from the U.S. military. Away Without Official Leave. Also known as “deserters.” But they are not AWOL from their own consciences. And they have not deserted their moral upbringings or the law. Quite to the contrary. At considerable personal risk and inconvenience, they have made a conscientious decision to separate themselves from an illegal and immoral war. They are our antiwar heroes. They very much deserve our support. And they very much need it.

A couple hundred AWOL GI’s are currently living in Canada. They are from the U.S. Army, Marines, Navy and Air Force. Many of them served one tour in Iraq and then refused to go back again. Instead, they and their families have moved to Canada. With the support of many Canadians, they are struggling to create a home for themselves and a sanctuary for war resisters.

Nearly fifty of the resisters have asked Canadian authorities to allow them to remain in Canada as political refugees. They strongly believe they are doing the right thing by refusing to fight in an illegal war. They look to UN refugee law, which states that soldiers should be considered as refugees if they face persecution for refusing to fight in wars that are “widely condemned by the international community as contrary to standards of human conduct.” These absentee GI’s are upholding the Nuremberg Principles, which were adopted as U.S. law after World War II. By refusing to fight in illegal wars or to commit war crimes, they are exercising their rights and responsibilities as soldiers.

Tell the Canadian government: Let them stay! It is urgent that everyone who supports the right of US war resisters to stay in Canada immediately contact both Prime Minister Stephen Harper and Minister of Citizenship & Immigration Diane Finley and request that they make a provision to allow U.S. war resisters to stay in Canada.
