BOOKS
--The Palace Files by Jerry Schecter and Nguyen Hung, a carefully documented exposé of the Nixon/Kissinger strategy to prolong a lost war in Vietnam in a vain attempt to salvage American prestige and their own political careers. It cost tens of thousands of lives. By all means, let us blame the old men in power who have forever created wars, especially those who have done so driven by their own ambitions, ideologies, ignorance and pathologies.

Jane Fonda, Reader Supported News, July 23, 2011
Excerpt: "It is unconscionable that extremist groups circulate letters which accuse me of horrific things, saying that I am a traitor. These lies have circulated for almost 40 years, continually reopening the wound of the Vietnam War."
