Veterans Day Celebration
In observance of Veterans Day, the Associated Student Government, Razorback Student Veterans, and the Armed Forces Alumni Society will honor and celebrate our university, faculty, staff, student and community Veterans.

Please join us on Monday, November 11, 2019 at the Janelle Y. Hembree Alumni House at 5 PM to honor our Veterans.

Hors d’oeuvres and beverages will be served.

The Reception will begin at 5 PM and the Program will commence at 6 PM with remarks from Brigadier General Bernard K. Skoch (U.S. Air Force, Retired).

Please contact Sara Gardner at sg061@email.uark.edu or Michele Payne at payne@uark.edu with any questions you may have.
We are confronted by militarism/war (Razorback red) and by warming, and we must SAY NO to both. That’s easy at UAF, because its motto is *Veritate Duce Progredi*: To Advance with Truth as Our Leader. There (the university not the AAA) we can learn to question myths and propaganda, not the glorification of wars and warriors.

OMNI is a voice and arm of the international peace movement. Why? For a citizen of the United States, the best reason is that not one of its wars is justifiable, was necessary. OMNI’s numerous newsletters assemble the evidence, and this newsletter is its latest contribution. -DB

**Armistice Day! VETERANS FOR PEACE**

Armistice Day is right around the corner, and once again, Veterans For Peace is taking the lead to #ReclaimArmisticeDay. This year, as we celebrate the 101st Anniversary of Armistice Day we call for November 11 to be observed as “a day dedicated to the cause of world peace,” as it was celebrated at the end of World War I when the world came together to recognize the need for lasting peace.

Make sure to check out our website for ideas on ways you and your chapter can take action. We have compiled an amazing amount of resources from various chapters to help make your Armistice Day a success! We have sample Armistice Day proclamations that chapters have used in their cities, a Litany of Bells, sample flyers and press releases and more!

- Exposes those responsible for the First World War. This book reveals how accounts of the war's origins have been deliberately falsified to conceal the guilt of the secret cabal of rich and powerful men in London responsible for the heinous crime perpetrated on humanity.
- The history of the First World War is a deliberately concocted lie. Not the sacrifice, the heroism, the horrendous waste of life or the misery that followed. No, these were very real, but the truth of how it all began and how it was unnecessarily and deliberately prolonged beyond 1915 has been successfully covered up for a century. Hidden History uniquely exposes those responsible, revealing how accounts of the war's origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for one of the most heinous crimes perpetrated on humanity. For ten years, they plotted the destruction of Germany as the first stage of
their plan to take control of the world. The assassination of Archduke Franz Ferdinand was no chance happening—it lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St. Petersburg to that cabal in London. Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since. The official version is fatally flawed, warped by the volume of evidence they destroyed or concealed from public view. Hidden History poses a tantalizing challenge. The authors ask only that you examine the evidence they lay before you.--Adapted from book jacket.
